

# Set the Record Straight: Truth Posts

## June Edition

*Our introductory version of Truth Posts was ruthlessly pilfered from an amazing collection of posts on Beth Francell's Facebook page, posts that get to the heart of the matter. Thanks to Beth for her collections. We are now beginning to add new entries (or more accurately posters) to the Truth Posts pages. Please send us your own suggestions.*

## Biden Record

**Over 14 million jobs added. Unemployment below 4% for the last 2 years. Wages are up. Tens of thousands of lives saved through competent handling of the pandemic. Bipartisan infrastructure bill. Bipartisan gun safety bill. Landmark climate legislation. Lower drug prices for seniors. Lower insulin prices. No one else I'd rather have handling foreign policy.**

**MY PRESIDENT.**

### CHIP PRODUCTION IS COMING BACK TO THE U.S.

Intel is expanding operations in four states because of President Biden's CHIPS and Science Act

# Trump Versus Biden

**Who is looking out for the middle class?**

**TRUMP'S ECONOMIC AGENDA**

- Up to \$400K in tax cuts for top .01%
- Higher costs for working families
- Repeal the Affordable Care Act

**BIDEN'S ECONOMIC AGENDA**

- Ensure large corporations pay what they owe
- Keep taxes low for working families
- Deny ultrawealthy CEOs tax breaks
- Increase the Child Tax Credit for 66 million children

## How do the two parties stack up on YOUR right to contraception?

### MAGA REPUBLICANS' PLAN:

- | Give politicians control over your body
- | Make it easier for employers to refuse to cover birth control
- | Decrease women's insurance coverage for contraceptives
- | Eliminate coverage of emergency contraception from the ACA requirement
- | Block the Right to Contraception Act

### DEMOCRATS' PLAN:

- | Trust women to make decisions about their own bodies and futures
- | Increase over-the-counter access
- | Improve affordability for women with private health insurance
- | Support family planning programs
- | Improve coverage through Medicare
- | Ensure access for service members, veterans, and federal employees

**Their priorities couldn't be more clear.**

## RENT IS TOO DAMN HIGH, but did you know...

### FACT 1

Every year he was in office, Trump proposed massive cuts to affordable housing programs that help low-income renters.

### FACT 2

Right now, Biden is fighting for renters by combating price-gouging corporate landlords, increasing the housing supply, cracking down on rental junk fees, and expanding voucher programs.

Trump was *literally* a price-gouging landlord in the '90s. He was never on our side.

### **Donald Trump's Allies Vote to Oppose IVF**

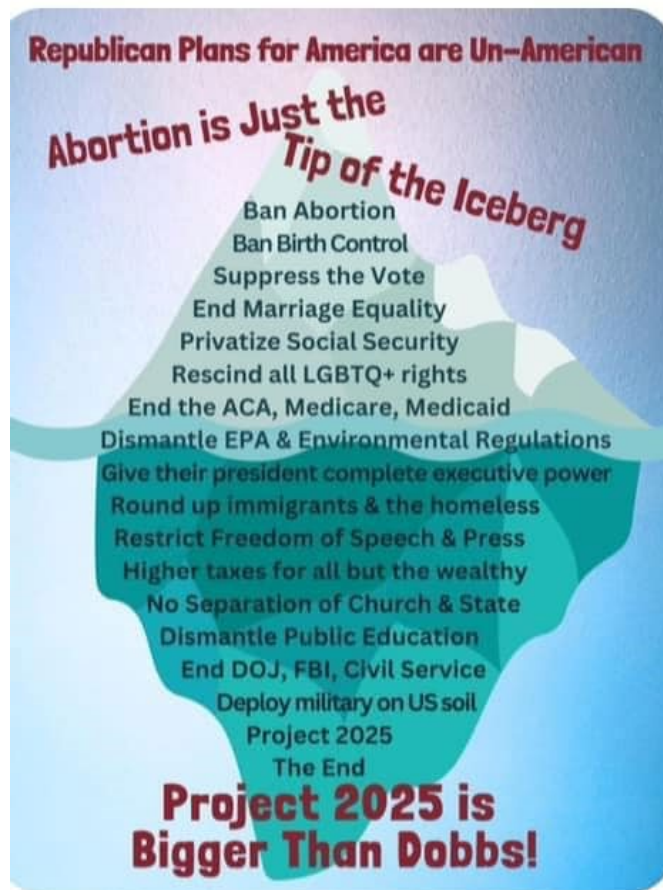

---

"Donald Trump has been clear: He's proud to fight 'side by side' with anti-IVF extremists, and he's grateful for their 'tremendous support' of his campaign.

"He's 'proud' that he overturned Roe v. Wade, laying the groundwork for his anti-IVF allies to rip away women's access to care and their freedom to start a family when and how they choose.

"And if he returns to power, he'll take his extreme Project 2025 agenda nationwide and put women and their families' most personal health care decisions in the hands of right-wing extremists. The stakes of this election could not be higher, and there's only one candidate who will protect women's freedoms: Joe Biden."
